

NVSA Emergency Captains Meeting
Friday, August 23, 2009, 4:01pm
Glory Days, Burke

Issue: Length of Games

1. Shorten games to 80 minutes?
2. If so, do we shorten only those games necessary, or shorten all?

Factors

- This also affects our ref pool (several 2-man teams)
- Youth teams (especially football) get priority with the county.
- How to deal with shortened games? (teams paid for 90 minutes)
- Would make sense, then, to shorten all games.

Sharon gives out weekly field schedule with affected fields highlighted.

- Discusses difficulty with field allocations, field times, and dealing with schedule requests.
- 30 refs/week
- Would rather only changes times on fields that are affected.
- Less impact on refs.
- Will increase RV usage, but so be it.
- Lou – this change is temporary in nature. Long term solution involves the league standing together as an organization. Form committee/grass roots effort to show county what adult leagues need and want.

Discussion
